WIPA IS NOT GOING TO EVER ALLOW THE PARTY TO SUPPORT STATEHOOD

By Benjamin Eble

WIPA is not going to ever allow the party to support statehood.

And the USA is never going to support Alberta as an independent.

Furthermore, the autonomists in WIPA do not really want to leave Canada.

By bringing people together who DO NOT AGREE, they have created a hugely flawed foundation, the same way that the US created a flawed foundation when they made a compromise on slavery at the founding of the country.

Less than a century later, the US was in a Civil War, because they did not agree on the outcome from the start.

Also, some of the leaders who say, "We will separate first, and decide later" actually have secretly admitted that they know that Alberta will never be "independent". It would cause the loss of a \$100 billion dollar a year economy with the US, the US would never let Alberta acquire arms, plus Alberta is landlocked.

You cannot build a country on a single, flimsy, unenforceable UN convention. Ottawa just laughs when they hear these claims.

Also, the people who have perpetuated the myth that Alberta can rely upon the UN convention for landlocked states, fail to mention that the convention is NOT ENFORCEABLE. It only works when every party agrees. Also, it only applies to signatories. And it does not give rights to pipelines or gas lines.

Today, Bolivia is still landlocked, after not patching things up with Chile after a war that occurred in the 1800's. The international court ruled that they are not obligated to negotiate with each other. Alberta would be landlocked as well, like Bolivia.

Beyond that the route that Texas took to join the US in the middle of the 19th century, while coming out of colonial Mexico, cannot be followed by Alberta, in joining the US.

Texas cannot be used as a "model", because the relationship between the USA and Canada in the 21st century, and the relationship between the USA and colonial Mexico in the 19th century is totally different. The USA already spent a hundred years working to achieve maximum integration with Canada, to help Canada hold together, and to keep North America stable. The USA had no such relationship with Mexico, in the middle of the 19th century.

The separatists who shout that they do not need the US, but then cry the moment that Keystone is slashed, show how badly they speak out of both sides of the mouth. If you do not need the US, then why not call for an end of trade, and send Biden a thank you card for slashing Keystone, since you don't need it, anyway? If you do need the US, then what you really need are RIGHTS, GUARANTEES, and PROTECTIONS.

Also, if people inside a party are hiding their real intentions, then THEY ARE NOT BEING HONEST. And it will lead to conflict and war later, within the party. HONESTY IS THE BEST POLICY.

LETTER AND OPEN LETTER SENT TO ALBERTA PREMIER

By CJ Wallace

The Honourable Jason Kenney,
M.L.A., Premier of the Province of Alberta
Office of the Premier
307 Legislature Building
10800 - 97 Avenue
Edmonton, Alberta, T5K 2B6

Email: premier@gov.ab.ca

May 2021

Dear Jason,

This is an open letter.

I did vote for you, honestly believing that you were the right fix for Albertans. Shortly after the election, I became confused and disappointed as to what you were doing. Now, I am at the point of anger at your unjustified betrayal of the people of Alberta.

First, Albertans thought you would be taking on the federal government and the elitist, autocratic regime of Trudeau with every breath you took. The electorate expected you to be loud and unwavering in your demands of the Trudeau regime to withdraw from the ludicrous legislation that assisted in destroying our economy. Even if Trudeau and his backroom puppet-handlers did not budge, the intent should have been to keep Alberta's disapproval of the federal legislation in the headlines everyday. That did not happen.

Failing that and with Trudeau's arrogant dismissal of the Prairie provinces, a far too often condition of the federalist politicians' egos, the next electorate's expectation was your commitment to centralize those federal

tasks under Alberta's jurisdiction. Such processes and agencies as tax collection, setting up an Alberta Pension Plan, initiating an Alberta Provincial Police Force, ceasing or at the very least, loudly demanding renegotiation of the equalization formula, and ensuring Alberta guarded its jurisdictional responsibilities from a zealous, Ottawa regime prepared to eliminate the Canadian constitution. This is the short list of disappointments.

Then the so-called pandemic COVID 19 officially hits in 2020. At first, most Albertans understood that our politicians' actions were by trial and error. Misinformation, deliberate disinformation, mass media compliancy of taking an opportunistic view of the so-called crisis did not help the Albertan sitting government trying to find a path through the mess. Nonetheless, after a couple of months your government insisted on staying the wrong course. Further, instead of a premier standing up to the microphone, we saw the AHS, Chief Medical Officer, a bureaucrat making the decisions. Bureaucrats do not make policy decisions. You should have learned from this bad example in Ottawa, where this definition is abused continuously.

Going on a year and a half later, you are still imposing lock downs and mandatory restrictions on Albertans' rights and freedoms. Why you are imposing drastic undemocratic restrictions remains unknown, especially when the real science is starting to be laid transparent fighting through big IT banning and absolute desire to control mass opinion.

So, the question remains, why are you following this path? Perhaps you can assist by pointing out the best response to this question below:

1. You believe in globalism and the rule of the elite as defined by the Fourth Reich personality, Schwab of WEF. Your intent is a 'reset' to 'build back better' to a socialist dictatorship and a centralised planned economy as espoused by Trudeau.
2. You feel betrayed by the Albertan electorate that are standing against you and your government's incompetent and unrealistic demands of its populace. Forgetting that your government works for the people, you want Albertans to be punished for faulting your personality cult.
3. Being a long-time federal politician, you believe that a full functional federalist position is the only way. Provinces have little say, meaning the people of the provinces have no control over their economy, social conditions or their lives. Everything is to be based on the large electorate wants of central Canada, including the Toronto-Ottawa-Montreal triangle. Provinces like Alberta exist only to pay for what that electorate want.
4. You have decided that you want the ultimate power and control of

Albertans. You like that sense of power with little or no responsibility to the electorate. Afterall, if you can control the Albertan electorate, you may have a crack at being the autocratic PM of the whole of Canada.

5. I do not believe you are stupid man, but so many stupid, ludicrous actions of your government make me wonder. In addition to all your faults, you quickly introduced Bill 10 after your election. A bill that would dramatically interfere with the Charter of Rights and Freedoms. Hence, I have to include this choice; You are stupid.

6. Other.

Thank-you for your time.

Sincerely,

Major (Retired) CJ Wallace CD, BA, BAS,
plsc

"Everyone has an opinion but so many forget the suffering Albertans have endured for over 50 years stop the speculation of and your opinions until after we become a state! Then your voice WILL be heard!

Your voice has been ignored for over 50 years! What makes you think it will change?

My reporting was the same in the 60's 70's and 80's. Not only has it not changed, it has got 10 times worse!!!

Wake up Alberta, even with its substantial contributions to Ottawa and the rest of Canada, Alberta has become more invisible to Ottawa! Wake up Alberta you've endured the abuse for too long! You have nothing to leave to your children!

So, if you really love them and want them to enjoy all the benefits of becoming the 51st state of the United States, give them the promise of freedom and prosperity that ALL Americans enjoy!!!"

TERRIS KOLYBABA'S REGISTRATION DRIVE

By Terris Kolybaba and Benjamin Eble

Terris Kolybaba already had his first conflict with WIPA representatives at the Whistle Stop Cafe!!!

Terris: "I just had a meeting with (top leader). He admits that he knows that

independence will never work. You need to join the US!"

WIPA: "We don't want to have anything to do with the US!"

Terris: "Well, how are you going to sustain trade??"

WIPA: "We are going to have trade deals with the US!"

Terris: "Wait a minute! You just claimed that you do not want to have anything to do with the US. Now, you claim that you are going to have trade deals??? Which way is it?? YOU MUST NEED THE US! YOU JUST ADMITTED IT!!"

Terris: "Look at Quebec! What did the US say during their referendum? The US would not guarantee trade, and furthermore stated

that they could not decipher what was even meant by "independence". And no one knows what you mean by "independence"! It is never going to work! You have to join the US! You guys are telling people a lie, by saying that you are going to get a trade deal with the US!"

(WIPA representatives left in anger!)

Go Terris! Keep fighting! They do not have a single shred of proof that an independent Alberta will ever have a trade deal with the US. It is just empty doubletalk! It goes against the US's stated policy and first interest with regard to Canada.

But, switching sides from Canada to the US would be a matter of human rights! And that would guarantee permanent free trade!

ABSP BOARD COMMUNICATIONS ISSUES

By CJ Wallace

As the Chief-of-Staff (COS), these issues are my fault, and solely my fault.

A number of lack of communication issues became apparent over the past couple of weeks. These included me being not clued into some important information. Some of this information was very important to Albertans out canvassing for the party's registration. That's not on!

Without micromanaging, the COS is supposed to know everything. I did not!

Measures are now in action to avoid similar situations in the future.
